

LIBRARY HIGHLIGHTS

January 2023

Harriston Branch:

"We went to tidy up and found they left us a cute little scene with the puppets wearing the costume items and having a little reading party." [photo above]

Drayton Branch:

"Allison has been working hard to capture interest of teens in the branch. Her January programme resulted in the best turn out yet. Seven teens turned out to learn how to paint a mountain landscape with the help of Bob Ross."

Elora Branch:

Elora Branch has 3 sewing machines available. We are excited to start programming with them, and January saw our first 3-week "In Stitches" adult programme. One attendee said that she walked out of the first session and thought "I have superpowers!"
