

# COUNTY OF WELLINGTON

---

## Committee Report

**To:** Chair and Members of the Joint Accessibility Advisory Committee  
**From:** Nicole Cardow, Deputy Clerk  
**Date:** December 7, 2023  
**Subject:** Action Items to bring to Joint AAC in 2024

---

The following is a working document of Action Items for staff for the Joint Accessibility Adviosry Committee in 2024. These were based off the recent AAC Goals and Objectives Survey.

Staff priority no. 1:

- Updated Facility Accessibility Design Manual (FADM)

Pending approval by Council, funding for an updated FADM has been placed in the Wellington County budget for 2024. We have asked Council for \$10,000 for this project. More information regarding this project will be brought to the February 2024 Joint AAC meeting.

Staff priority no. 2:

- Orientation and Training Material

A new website project for Wellington County is slated for 2024, which would allow us to collect and distribute updated accessibility resources. Staff hope to bring some updates and resources to the February 2024 Joint AAC Meeting.

Other items discussed on the Goals and Objectives Survey brought forth by committee members were Accessible Transportation and Accessible Housing as well as Standardization of Accessible Crosswalk Signals throughout Wellington County.

Respectfully submitted,

Nicole Cardow  
Deputy Clerk
